

As the European Commission is prioritising one-stop-shops, the ENERGATE marketplace connects individuals and businesses involved in energy efficiency projects in buildings.

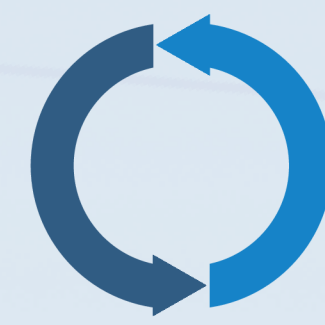

The ENERGATE marketplace makes it easy to gather project information, connect firms, and combine projects, promoting energy-efficient building upgrades and assisting with project financing.

METHODOLOGICAL APPROACH

STAGE 1 | FETCH

Collection of structured information about projects, ensuring that technical and commercial data is appropriate.

STAGE 2 | PROCESS

Identification of similarities between projects' and investors' KPIs.
Project bundling and matching opportunities with investors.

STAGE 3 | DELIVER

Follow up on projects, validation of M&V methodologies, and definition of relevant KPIs.
